

Year 3 Resources for STEAM Week

Dear Parents and Carers

As you may be aware, the week beginning Monday 7th June 2021, we will be having a STEAM week at school. The children will take part in a variety of exciting, practical activities to develop their skills in Science, Technology, Engineering, Art and Maths.

So we can complete these activities, the children will need a couple items we are sure you will have at home. We would really appreciate it if you could collect these items and bring them into school in a named bag by **Friday 28th May 2021**.

Each child will need:

**1x 25cm round piece of cardboard (this could be cut out from an old cereal packet. Please no packaging that contained nuts)
Or alternatively 25cm round thin cake board**

**1 x 500ml
bottle of coke/cola - for an activity, not for drinking!
(unopened)**

We hope the children will be able to cook smores in their solar ovens. If your child is allergic to digestive biscuits, marshmallows, or chocolate buttons please let your child's class teacher know in writing as soon as possible.

Many thanks for your support.

Year 3 Team
